## ICC WORLD CUP MATCHES AT HYDERABAD

The first ICC World Cup played in India was in 1987 Reliance World Cup. One match was given to Hyderabad during that tournament. It was New Zealand versus Zimbabwe. The match was played at Lal Bahadur Stadium, a stadium that belonged to the erstwhile Sports Authorities of Andhra Pradesh (SAAP) on 10<sup>th</sup> of October 1987. The match was won by New Zealand in a close contest by a mere 3 runs.

During the second ICC world Cup hosted by India was the Wills World Cup in the year 1996. Again, Hyderabad was given one match to host. It was West Indies versus Zimbabwe at Lal Bahadur Stadium. West Indies won the match easily by 6 wickets in just 29.3 overs.

Unfortunately, Hyderabad was completely ignored during the third ICC World Cup that was hosted by our country in 2012 even though by this time HCA had its own Cricket Stadium of International standard (Rajiv Gandhi International Cricket Stadium (RGICS)). Many people commented that the facilities at RGICS were inadequate then. Their reasons were completely baseless. The stadium had successfully hosted a test match and four ODIs by then. Each time the RGICS was filled to its capacity.

However, in this 2023 ICC World Cup, Hyderabad was allotted 2 warm-up games and 3 main games, giving the people of Hyderabad long awaited chance to witness ICC World Cup Matches. The organizers spared no effort to bring RGICS, the venue up to date with several new installations and facility upgradation.
