

THE HYDERABAD CRICKET ASSOCIATION

(Affiliated to the board of Control Cricket in India)

Profile: IT Manager – Hyderabad Cricket Association

Position Overview

The IT Manager at HCA is responsible for overseeing all technology systems, digital platforms, and IT infrastructure that support cricket operations, administration, and stakeholder engagement. This role ensures secure, efficient, and innovative use of technology across tournaments, stadium facilities, and organizational governance.

Key Responsibilities

- **Infrastructure & Systems**
 - Manage servers, networks, and IT hardware at Rajiv Gandhi International Cricket Stadium.
 - Oversee ERP, e-procurement, and HR/payroll systems.
- **Digital Platforms**
 - Maintain HCA's official website, online player registration portals, and tournament management systems.
 - Support live scoring, analytics, and broadcast technology during matches.
- **Data Security & Compliance**
 - Implement cybersecurity measures, backups, and disaster recovery plans.
 - Ensure compliance with BCCI's IT and data governance guidelines.
- **Event Technology**
 - Coordinate IT support for IPL, TG20, TPL, and international fixtures.
 - Manage ticketing systems, access control, and stadium Wi-Fi.
- **Stakeholder Support**
 - Provide IT assistance to committees, Apex Council, and member clubs.
 - Liaise with vendors for software licensing, upgrades, and technical services.

THE HYDERABAD CRICKET ASSOCIATION

(Affiliated to the board of Control Cricket in India)

- **Innovation**

- Explore AI, analytics, and digital tools for player performance tracking and fan engagement.
- Drive automation in administrative workflows.

Qualifications & Experience

- Bachelor's/Master's degree in Computer Science, IT, or related field.
- 7+ years of IT management experience, preferably in sports or large organizations.
- Strong knowledge of ERP systems, cloud platforms, and cybersecurity.
- Experience with sports technology (scoring systems, analytics, ticketing) is an advantage.

Skills & Competencies

- Excellent problem-solving and troubleshooting skills.
- Strong project management and vendor coordination abilities.
- Proficiency in networking, databases, and enterprise applications.
- Integrity, adaptability, and a forward-thinking mindset.

Reporting:

- The selected shall report to the Chief Executive Officer (CEO)-HCA
